

Notice Price Increase to be implemented on April 13, 2026
Notice Date: March 17, 2026
Price Increase: April 13, 2026

Dear Valued Customer,

At Senva, we're focused on delivering high-quality, innovative products while staying competitive. Our U.S.-based manufacturing team plays a big role in that, and we continue to invest in the people and processes that set our products apart.

We've worked hard to absorb rising costs in materials and components over the past year, especially as we prioritize dependable, local sourcing. To continue providing the quality and reliability you expect, a small price adjustment is necessary.

Effective **April 13, 2026**, a **3% price increase** will apply across our product catalog. To help you plan ahead and keep projects on track:

- Orders placed before April 13 will be honored at current pricing
- All outstanding quotes will remain valid for 60 days from the date of this notice

We appreciate your partnership and look forward to continuing to support your projects. If you would like an updated price list or want to review upcoming needs, your Senva representative is ready to help.

Thank you,

Roberto Sandano
CEO
Senva Inc.
